

OUTLINE FOR INVENTORY PANEL PRESENTATIONS AND SMALL GROUP DISCUSSIONS AT WSC'94

Tuesday 3 May - Panel presentations - four members for each panel. The panel members will be given approximately ten minutes each to present their topic. The main topics are:

- a. WSC history & purpose
- b. WSC relationship to fellowship
- c. WSC relationship to committees/boards/WSO
- d. WSC annual meeting and procedures

Each panel is 40 minutes long, followed by a one-hour Q&A session followed by a 15 minute break. At the end of panel D, material regarding the panels will be handed out.

Two panels in morning and early afternoon, followed by lunch then final panels ending in early evening.

Wednesday 4 May - Small groups

- a. Sixteen small groups composed of conference participants, committee members, and WSO coordinators and managers (10-25 participants each)
- b. Small groups will have two sessions, one in the morning and one in the afternoon. They will be asked to discuss different topics during each session.
- c. The small groups will have a recorder assigned to keep notes of the proceedings.
- d. Each small group session will have a facilitator (not moderator) who will be requested to facilitate both sessions.
- e. Each group will have to choose a representative at the beginning of each session to present the substance of his/her group's discussions regarding a particular topic.

Wednesday 4 May/Thursday 5 May - representative meetings

- a. Each of the main topics will be discussed by the representatives of the small groups which addressed that issue. This representative group will have two tasks: first, develop a list of points they wish the conference as a whole discuss and, second, develop presentations to the conference to engender lively discussion.
- b. The representative groups will choose a body of four to sit on a panel and present to the conference the results of the small-group discussions.

Thursday 5 May - Inventory meeting of the conference as a whole

- a. The representatives present their findings and the conference as a whole enters into a discussion mode.
- b. The conference will, hopefully by the end of this session, be able to identify those areas that it finds to be problematic and wants to address at a later date.
